Rep. Berry and members of the Energy, Utilities and Technology Committee,
The Maine Green Independent Party is very pleased to support, An Act To Create the Pine Tree Power Company, a Nonprofit Utility, To Deliver Lower Rates, Reliability and Local Control for Maine Energy Independence.

We look forward to the needs of the people of Maine coming first. We look forward to meters that work and lines that are kept in good repair. We look forward to community control and ecologically correct decision-making.

Thank you so much for making this happen!
