

Jade Hopkins
Presque Isle
LD 1895

I am a young person living in Presque Isle, and I write in support of 1895. Climate change is the most significant issue in the world right now. Our government must provide us with paths to make a clean energy transition that also protects ecosystems and workers. LD1895 understands that the future of our planet and the future of our people are the same thing; I urge its passage.
