LD 2077

LD 2077, An Act Regarding Customer Costs and the Environmental and Health Effects of Natural Gas.

I write to the committee in Opposition to LD 2077.

Natural gas is clean and affordable energy. It gets COLD in Maine. Mainers need help with heating costs. We all have the right to choose what we heat our homes with.

This bill does not help the people of Maine. The Sponsor of the bill Does Not have the best interest of the Maine people in mind. This bill is full of unneeded regulatory requirements. Stay out of and away from our heating appliances!

I urge the committee to vote Ought Not to Pass on LD 2077. Please help the Maine people, don't hurt them.

Daniel S. Masessa
