Ref: Charter change

Dear Chris,

During its March 7, 2023 meeting the Wiscasset Select Board voted to approve adding language to the proposed changes in the Water District Charter to include the right for the Town to contract with the District for various services, including the option for the District to acquire and operate assets of the Wiscasset Wastewater department, pending approval of a local referendum authorizing this, or some combination of both.

Please let me know if I can be of further assistance.

Regards,
