In support of LD 1390

I support LD 1390 as a proactive effort to identify Mainers who may not be aware that they qualify for low cost or no cost health insurance coverage. This past year's experiences with the Covid-19 pandemic have clearly shown the need for a stable system of healthcare access for all, including those who lost their employer health plan during the pandemic. There is a great need to close the gaps in reliable access to healthcare in Maine.

Respectfully,
