I oppose LD 738 “An Act To Provide High-quality Health Care for All Maine Residents”, and LD 1045 “An Act To Support Universal Health Care”.

Since there is no text for LD 738, and if it is what I think it is, I am 100% opposed.

Based on the text of LD 1045, this bill will remove my federally provided health care coverage that I earned over the course of 37 years, and convert to a single payer health care system run by Maine bureaucrats. I am happy with my current coverage, and I see no need to change it. I think it is underhanded and despicable to strip me of my benefits that I earned from the Federal government over a lifetime of service.

I oppose any bills that will negate my current health care coverage.

Once again, I oppose LD 738 “An Act To Provide High-quality Health Care for All Maine Residents”, and LD 1045 “An Act To Support Universal Health Care”, and they “ought not to pass”.
