I oppose LD 1463 ““An Act to Make Health Care Coverage More Affordable for Working Families and Small Businesses””.

This deceptively titled feel-good bill would impose a 2.85% tax (HIT) on all premiums collected in the state of Maine.

The insurance companies, will pass the cost along to the consumer.

It's a slick scheme . . . tax those with insurance to pay for those who don't have it. In the end, small businesses and individuals would pay more for their insurance. (FYI, small business and individuals means US!)

Maine is already the fourth highest taxed state in the nation. I don't want to pay higher insurance premiums too!

Once again, I oppose LD 1463 ““An Act to Make Health Care Coverage More Affordable for Working Families and Small Businesses””, and it “ought not to pass”.
