

Sarah LaFore
Windham
LD 2174

Hello! My Name is Sarah LaFore and I am the hospital manager at North Windham Vet in Windham, ME.

I oppose the legislation intended to restrict CareCredit deferred interest financing. Over the past 10 years, I have witnessed many Mainers who value deferred interest financing to cover veterinary expenses. I have seen far too many situations where CareCredit has enabled an owner who otherwise could not save their pet's life due to finances to not have it available as an option any longer.

Deferred interest financing is important to our clients and my practice's ability to serve them.

Thank you
