

Jennifer Skinsacos
Old Orchard Beach
LD 2175

Senator Bailey, Representative Perry, and members of the committee, I am Jennifer Skinsacos and I live in Old Orchard Beach. I oppose LD 2174. I use my Care Credit account to help for family medical expenses, including those for our pets. In these times challenging economic times, having a reliable way to pay for these necessary expenses over time without accruing interest helps to reduce the stress of making difficult decisions of whether or not to execute a service for the wellbeing of my family without having to worry if I can afford it in the moment. This bill hurts families in Maine and should not be passed.
