Orono
LD 227

It is my 1st amendment right to express my opinion as I am in opposition to LD 227. Our republic was created in Judeo Christian Principles. Learn your civics. This republic was intended to be "In God we trust". We are all Children of God and have free will to choose to follow our Creator or not. I am a Christian and grateful for the grace of God in my life, I am not perfect by any purpose

I do not deny some suffer from gender dysphoria and/ or the need for abortions. This is their prerogative. Over age 18, their issue.

My concern is the bill is all about deciding the needs of children before their parents and or their own personal interest(and at an age of their own consent). Children are not capable of making these decisions and should not be subject to procedures and or surgeries that are not recoverable or changeable. There are serious problems with gender confusion, and opening this up to children only adds to mental health diseases and serious health problems (suicide, fertility etc.).

I believe this bill pays outrageous sums for abortions and or gender surgeries. This bill is looking to make this an amendment and all at the cost of ME residents. Financial debt for ME residents. This is a disaster for our state.

The children of Maine need to be protected.

I quote the word of Jesus, the son of God:

I believe in God, and my faith in God and he said the following in the Holy Bible:

Matthew 18:4-6

Whosoever therefore shall humble himself as this little child, the same is greatest in the kingdom of heaven. And whoso shall receive one such little children my name receiveth me.

But whoso shall offend one of these little ones which believe in me, it would be better for him that a millstone were hanged about his neck, and that he were drowned in the depth of the sea.

As you might guess I am pro-life and against abortion. Transgender surgeries in children are again not something I approve of either.

I implore you all to vote against his bill, A fetus and a child are still citizens and children of God and do not deserve What this bill would do.

I pray you will consider this bill LD 227 in the name of justice in the name of our Creator God.

This is an immoral bill.
