

Christina Berenyi
Levant
LD 227

Senator Bailey,
Representative Perry and members of the Legislative Health Care, Insurance and Financial Services Committee, I am Christina Berenyi, I live in Levant, Maine and I am here to testify strongly against LD227, an act regarding healthcare in the state. As a young woman who dreams of having children someday I am appalled by this bill, threatening to take away the rights of parents regarding their children. No one will ever convince me that the government will ever care more about my children than me or any loving parent regarding their children! Leave this right and responsibility to the parents! I strongly urge you to vote against this bill LD227.
