LD 227

On Tuesday March 5th the HCIFS Committee held a Public Hearing on LD 227 which I was unable to attend. I am grateful for this chance to submit my testimony in opposing this bill. I am puzzled as to why this bill was created? Why would anyone want Maine as a sanctuary state for ALL abortion care and for ALL transgender care of minor children? Please save our wonderful State from this horrible bill, which will damage lives for years and years. I beg of you, please vote NO on LD 227.

Thank you and respectfully yours,
