LD 227

I oppose LD 227, "An Act Regarding Health Care in the State, and it "ought not to pass".

I am writing to strongly urge you to oppose LD 227. This bill will allow and encourage the transportation of children of all ages to Maine for medical procedures without the knowledge or consent of parents. We should not allow Maine to become a medical sanctuary state accountable to no one. We certainly should not be discounting parental rights and other states' laws. I urge you to defend our children and vote against this destructive, devastating bill.

This is nothing more than government overreach intended to eliminate parental rights.

Again, I oppose LD 227, "An Act Regarding Health Care in the State, and it "ought not to pass".
