LD 227

LD227 Ought Not To Pass. Chairman and committee members, Linda Haskell, Vice Chair Republican Party, This bill is not what it appears on the Legislative Documents. We the People do not want Maine a sanctuary state for transgender and abortion trafficking. This attempt to push these bills thru without sufficient information to the public is appalling. If the sponsors of this bill want this type of society, MOVE to California. We the people of the State of Maine, do not want this in our state. LD227 OUGHT NOT TO PASS. Maine, the way life should be! We want to keep it that way. If you are not happy here, Move!!! Thank you for the opportunity to voice my concerns on the terrible bills being pushed in our faces and lives. Linda Haskell
