To whom it may concern:

I'm a parent and resident of Saco, ME.

I'm respectfully asking for you to vote "no" on the state sanctioned kidnapping bill that LD 227 is. This is a horrific bill, that I quite frankly cannot believe is being brought forward. This is stripping away parental rights over their minor children. What comes next.. children being removed from the loving homes of their parents?? Kids can't buy cigarettes until the age of 18, they can't buy alcohol until age 21. They are not emotionally or physically fully developed or equipped to make these kinds of permanent life altering decisions! Passing this bill will have detrimental life long consequences for all who are affected. Why is this happening in our state?? Leave the children alone.

This is absolutely horrific and scary for children and parents in the state of Maine.

Please do not pass this bill!
