LD 227

I am writing to strongly urge you to oppose LD 227. This bill will allow state sanction of child sex trafficking and kidnapping. It will also allow and encourage damaging, irreversible gender affirming treatments and procedures for underage children. Not only that, but it will strip parental rights and enable sex predators. There will be no legal grounds to rescue children and protect them from abusers if this bill is passed.

This rainbow cult perversion is highly dangerous to innocent children. It is in complete disagreement with the way life should be in Maine, and the work our lawmakers have done to protect our children and their safety through the years. It will destroy young lives and their identity, and not allow them to be who God created them to be. I urge you to defend our children and vote against this destructive, devastating bill.

This is nothing more than government overreach intended to eliminate parental rights and responsibilities.

Again, I oppose LD 227, "An Act Regarding Health Care in the State, and it "ought not to pass".
