

Darcy Klein
Rumford
LD 227

Senator Bailey, Representative Perry and Members of the Health Coverage, Insurance and Financial Services Committee,

I'm submitting my testimony to express that I share the same valid concerns as all of those who have already voiced their opposition to LD227, An Act Regarding Health Care in the State.

I'm not going to tell you everything that's wrong with the proposed legislation because so many people have already given testimony pointing out all of the radical and dangerous aspects of it, which I suspect you were already well aware of while constructing the proposed bill. The intent of my testimony submission regarding LD227 is to ask you: just who do you think you are?

How could you possibly think that a bill like LD227 would be good for the State of Maine or the country as a whole? What gives you the right to push a law that would destroy the lives of so many children and wreck families across this nation using Maine taxpayer money?

I honestly don't know how any of you sleep at night knowing you're perfectly fine with enabling the mutilation of children's bodies, increasing the ever growing suicide risk among gender dysphoric youth, and murdering of babies while at the same time stripping away parental rights and endorsing state-sanctioned kidnapping on the backs of hardworking Mainers who pay your salaries!

Your tactic of trying to pass this 21 page proposed amendment, that might as well be a contract with the devil, without giving Maine voters any notice (no, 3 days is NOT enough time!) is absolutely appalling and very sneaky, as if you had something to hide from us because you knew you'd get push back. Honestly. What's wrong with you? This country is being destroyed by a radical, cultural marxist ideological takeover and LD 227 is another nail in the coffin of our once great nation.

I must insist that your vote on this evil and destructive proposed legislation be **OUGHT NOT TO PASS** to protect the lives of innocent children, loving parents, the great State of Maine, and our United States of America!
