To Honorable Senate Chair Bailey, Legislature Chair Perry and the members of the Committee of Health Coverage, Insurance and Financial Services,
My name is Linda McMahon. I am a concerned citizen of the great State of Maine
I am writing in opposition to LD227, An Act Regarding Health Care in the State. I am requesting you vote "Ought Not to Pass" for the following reasons.
Maine should not seek to be in the business of becoming an abortion/transgender sanctuary.

I am opposed to this bill because it not only restricts the rights of Maine parents but the rights of parents outside the State of Maine. This proposal breaches parental rights and puts the affected children in extreme jeopardy. This bill gives free rein to kidnapping and child sex trafficking.

In addition, this bill welcomes unscrupulous medical people to practice in Maine despite being sanctioned in other locales. This is certainly not "The Way LIFE Should Be."

I am also curious why notice of this bill was so limited. Why is it still listed on the MaineLegislature.gov site as a concept draft? Why did this not go to the Judiciary Committee? These actions could lead one to view this as an appearance of impropriety. Taxpayers of Maine deserve better and are entitled to know what they are funding and supporting.

I ask you to vote "Ought Not to Pass." LD 227

Thank you for your consideration.

Respectfully,
Linda McMahon
