

Nathan Persinger
Hampden
LD 227

Committee Chairs Senator Bailey and Representative Perry and honorable members of the Committee on Health Coverage, Insurance and Financial Services

My name is Nathan Persinger and I am from Hampden. I am writing in opposition to LD 227.

For those committee members who oppose this bill: "Therefore, take up the full armor of God, so that you will be able to resist in the evil day, and having done everything, to STAND FIRM."

For those committee members who support this bill: I beg you to ask yourself, under what moral standard is this bill acceptable? Most certainly there are none. This bill is a full frontal assault on parental rights, the innocence of children, and the sanctity of human life. It will do nothing except invite God's judgment upon our once-great state. If this bill passes, you are opening up a "pandora's box" of demonic influence that will lead to unspeakable horrors performed on not just Maine children, but children from around the country. Maine will become the sex trafficking, genital mutilation, abortion, and child mutilation capital of the US. All for what? Profits? To be liked by a radical fringe group that is bent on perverting the survivors of the abortion holocaust?

One day we will all stand before our Maker and give an account for our lives. What words will you have then to justify yourselves before a sovereign and holy God?

LD 227 ought NOT to pass. May God grant you the wisdom and courage to vote accordingly.
