LD 227

Im against LD 227 . Im opposed to Maine being a sanctuary state for ALL abortion and transgender medical care.

This bill would endorse state sanctioned means of taking advantage of minor children against their parents' will, and is extreme .

LD 227 is a significant attack on parental rights and would foster, validate sex trafficking and include legislating on behalf of the 49 other states.

LD 227 ought not to pass.

Thank you .
