LD 227

I just learned of LD 227, "An Act Regarding Health Care in the State." As a mother, public school teacher, and christian, I am vehemently opposed to this bill. Maine should NOT be a sanctuary state for all abortion care and transgender care of minor children. The Due Process Clause of the Fourteenth Amendment, protects the fundamental right of parents to direct the care, upbringing, and education of their children. This bill is virtually eliminating parental rights.
