

Frank Thiboutot
Falmouth
LD 227

I could easily write a cogent argument against this bill but have learned from previous submittals, particularly for LD 1619, that reason and logic don't persuade certain legislators who are driven to destroy the traditional nuclear family.

LD 227 is an abomination and ANYONE who supports or votes for this bill is morally bankrupt.

I urge that the HCIFS Committee vote "Ought NOT to Pass" for this atrocious bill.
