LD 227

I support LD 227 An Act Regarding Health Care in the State of Maine. I ask that our State Legislators vote OUGH TO PASS. This bill protects established, best-practice medical care that is legal in Maine and ensures our local providers and health care infrastructure aren't negatively impacted by hostile laws in other states. Gender affirming and reproductive care is the right of all Maine citizens and must be decisions made by Maine patients and their providers. 'If it ain't broke don't fix it!' Thank you.
