

Jeanne Ouellette
Lovell
LD 698

It is not lost on me, who lives in a warm house, that there are those in Maine who are not so fortunate. That is why I support LD 698 in order to sustain homeless shelters in our state. Our shelters are overflowing in the winter and they run at a deficit. Some nights they are filled to capacity leaving people to sleep outside. We see that homelessness is growing and as a community and state we need to provide a strong safety net as we work to return families to permanent housing. My name is Jeanne Ouellette and I live in Lovell Maine. Thank you.
