

Jennifer Cronin
Brunswick

My name is Jennifer Cronin. My son Patrick is 6 years old and he battles Cystic Fibrosis (CF). I want to ask you to please restore the Cystic Fibrosis Assistance Program. The program has been such a blessing to the Maine CF community. Daily medications can get very costly, sometimes thousands a month. Necessary medical equipment can cost upwards of \$16,000.00. Any relief would be an absolute blessing in a time where most of us are struggling. Not just during this pandemic, but on a daily basis just fighting to breathe. Please vote to restore the Cystic Fibrosis Assistance Program.
