

Pam McKeever  
Nobleboro

My name is Pam McKeever, a resident of Nobleboro. I am an American citizen and a resident in the great state of Maine. I am asking you to "ought not to pass" LD 1344. "An act to clarify authority of the Department of Health and Human Services during a Public Health Emergency" This bill only increases control over the People taking us further away from the Representative form of Government we are supposed to have. Our own State Constitution insures that all. "Power inherent in People"; all free governments are founded in an unalienable and indefensible right to institute government, and to alter, reform or totally change the same, when their safety and happiness require it." It clearly state that "ALL POWER" is inherent in the people. This never ending State of Emergency is bad enough without input and guidance from the Legislators that We The People have appointed, now you want to give UN-elected bureaucrats endless lowers to decide fine amounts and license suspensions. This is unacceptable, as well as unconstitutional.  
Thank you for your time and I ask that you vote  
"Ought Not to Pass."
