Oxford

I am outraged at the thought that our Government would want to give more authority to The Governor or other agency to assess punishments and unilaterally control our daily lives without public input and due process. We do not live in a communist dictatorship yet it appears that that is the direction we are going. We do not need a Nanny and as we have seen many of the decisions made have not helped but have destroyed lives. You are elected by the people to represent the people. NO NO NO. What don't you understand about this? 'power corrupts; absolute power corrupts absolutely' conveys the opinion that, as a person's power increases, their moral sense diminishes.
