

Linda Reardon
Orrington

As a nurse who also has a son in a wheelchair I can tell you it is horrible for seniors to work their whole lives and have to give all their money to nursing homes for care. And it is extremely difficult to even find a good one. This state needs to remember very few of us are independently wealthy and have to work. How great it would be to have all seniors be eligible for at home care and reimbursement and save the state much money
