Good Morning Senator Claxton, Representative Myer and members of the Health and Human Services Committee. Thank you for the opportunity to provide testimony in support of LD 1573 An Act To Implement the Recommendations of the Commission To Study Longer-Term Care Workforce Issues. My rent is hard to keep up on when you only have one person working in the house hold. Keeping up with car expenses to get me to and from work is also hard to keep up with. The cost of living expenses keep going up but the rate of pay for people don't. Please help us get more money and keep us staff working in the profession we .love.
