

Pamela Grondin
Village Center Auto Care/Scarborough Maine

Members of the Health and Human Services Committee:

On behalf of all of the employees at Village Center Auto Care in Scarborough, Maine, I am writing to ask that you vote against the ban of menthol/flavored tobacco in LD 1550. The sale of menthol cigarettes has a substantial impact on our business. Many customers come into my store to buy cigarettes but wind up making additional purchases as well while they are here. Recently, it has come to my attention that LD 1550 would ban menthol. I am writing you today to ask that you oppose this bill.

Our business and the jobs of the people that work with me will be at risk if LD 1550 becomes a law. The unintended consequences of this legislation will hurt our families, our community, and our company. Please support the hard-working men and women that depend on selling menthol to provide for our families.

Thank you for your time and consideration.

Sincerely,

Pamela Grondin
