- \* Why would you ban a product that Maine just started taxing @ 43%
- \* Amazon Sells these products online with no age verification,
- \* By Banning these products from stores only creates a lucrative underground Market with no regulations or sterile environment needed to produce, Anyone can purchase vegetable Glycerin, Propylene glycol and some flavoring to produce the home made mixture to distribute,
- Maine raised the age limit to 21 to purchase tobacco products and thats when I heard people started selling bootlegged Vape Juice,
- \*\*Prohibition never stopped alcohol consumption and It wont stop Vaping
