LD 1608

I understand this is late however, please see my testimony opposing LD 1608 "An Act To Expand the MaineCare Program To Cover All Citizens of the State".

Thank you.

I oppose LD 1608 "An Act To Expand the MaineCare Program To Cover All Citizens of the State".

Based on the text of LD 1608, this bill will remove my federally provided health care coverage that I earned over the course of 37 years, and convert to a single payer health care system run by Maine bureaucrats. I am happy with my current coverage, and I see no need to change it. I think it is underhanded and despicable to strip me of my benefits that I earned from the Federal government over a lifetime of service.

I oppose any bills that will negate my current health care coverage.

Once again, I oppose LD 1608 "An Act To Expand the MaineCare Program To Cover All Citizens of the State", and it "ought not to pass".
