Dear Distinguished Members of the Health and Human Services Committee,

It is my intent to write a message of support for LD 867- An Act to Prohibit Mandatory COVID-19 Vaccinations for 5 Years to Allow for Safety Testing and Investigations into Reproductive Harm.

I will keep this short in saying that as serious as I believe COVID-19 is, I am deeply concerned about the long-term effects of the brand new vaccination. I am not against vaccinations at all. I simply support allowing this vaccination to undergo the same testing timeframe as all the other vaccinations for the safety of our friends, neighbors, and ourselves.

Thank you for accepting my testimony.

Warm Regards,
