Skowhegan

Dear committee,

I am writing to you today to show my support for LD 867. I feel this bill will provide a great deal security for those individuals like myself who are on the fence about this vaccine.

I know for myself personally, I am not against vaccinations of any kind, I simply want more time to understand this vaccine and it's long term effects.

Please consider this bill and allow for the longer studies on side effects to take place.
