LD 214

I am writing to oppose LD 214. Limiting aspects of LD 2003 to only 9 municipalities in the State is not enough to address the housing issues we face. LD 2003 was already pared down several times before it was passed - keep the bill as is and open up opportunities across the State for additional housing particularly in existing developed/downtown areas where infill next to existing infrastructure and goods/services is feasible. It's time for all municipalities to join as one and acknowledge the archaic exclusionary zoning ordinances that have been limiting the growth of our State and putting emotional/financial stress on Mainers.
