To: The Committee on Innovation, Development, Economic Advancement and Business:  
I strongly support LD 1551 An Act to Ban the Sale of Cosmetics That Have Been Tested in  
Animals.

I own a shop in Maine that specializes in selling toiletries that have not been tested on  
animals, and in shopping for products to sell those products know as "cruelty-free" I observe  
a significant growing list of companies that do not test on animals and a growing following by  
consumers that demand products whose both ingredients and final product has not been  
animal tested.

It is a cruel and inhumane practice and totally unnecessary for the sake of beauty.

Yours truly,
