

Curt Dale Clark
Maine State Music Theatre

Maine State Music Theatre is a 63 year old Summerstock Tradition in the MidCoast Region. The Pandemic has taken this once healthy company and shook us to our core. IF (and I stress the IF) we receive our full request from SVOG that will not even make us whole for last year . Then when you add in the greatly reduced audience size for this year and we end up in an even deeper hole. We need more assistance.... We have propped up this summer economy in the Mid Coast for years playing to over 70,000 patrons in a normal summer.... Please make sure we are able to continue doing so and with a product Maine can be proud of.....It is always my goal to hear patrons say as they leave the theatre "How the hell do they do that in Brunswick Maine" ...Please help me make sure that remains true this year and for years after....
