Cadenza, Freeport

We own and operate Cadenza (www.cadenzafreeport.com) in Freeport. We have persevered through the pandemic, one of only two venues that stayed open. We continue to lose money but remain committed to offering a space for wonderful talent to entertain enthusiastic audiences. We have over 150 performers that love Cadenza, and they are desperate to perform. As Brad Terry (an iconic jazz clarinetist who lives in Maine) recently said during his performance; "we need this." Maine needs live performance venues, Maine people need live music.
