

Alexander Beal
Fayette

I believe that LD394 would only ensure that boat races, regattas, and water-ski exhibitions are held on compatible waterways where they can be safely enjoyed, without putting Maine's precious wildlife resources at unnecessary risk. I live in Fayette on Parker Pond, where I have seen up to 17 loons at a time on the water. Fortunately we have recreational boaters who seem to be very careful of not disturbing the loons. IF&W needs to have the power to enforce common sense measures to protect Maine's loons and other wildlife, and LD394 would provide IF&W with statutory power to do so. I am in full support of LD394.
