To Whom it may concern:

Subject Legislation bill L.D. 544 "an act to eliminate moose permits for hunting lodges"
As a recreational sporting camp owner I oppose this bill.

The current moose lodging permit has been a great contribution to my business, when Maine sporting camps seem to be losing popularity statewide. It also helps the local guides/local businesses etc. to this remote area of the state of Maine.

I oppose this L.D. 544 bill currently being proposed, after the prior bill was approved by a $\frac{2}{3}$ rd majority.

Thanking you in advance,
