

Paula Clarkson
Brunswick

Our experience with airboat noise has been very difficult to accept and any restrictions on this air pollution would be greatly appreciated input enjoyment of Casco Bay. Location: Mere Pt. , Brunswick

We do not live on the water.

We have no water views.

We are awoken anywhere from 4:30 AM to 10PM by loud airboats. If outside sometimes we have had to step inside house to avoid loud airboat noise until it passes, then go back outside.

Trust decibel and operation times will be adjusted to restore Maquoit Bay.
