

Carol Hudson
South Freeport

Dear Committee,
I am writing in opposition to LD 114 and support of LD 89. My husband and I live at 4 Harraseeket Road, in South Freeport across from the shoreside of the road. We are not early risers and many a morning last summer/fall we were awoken by the extreme airboat noise and this is with our bedroom windows closed. This is especially the case when low tide is between four and eight in the morning.

We support lowering the legal noise limit to that proposed by LD 89.

Thank you for your consideration.

Sincerely,
Carol & Dale Hudson
