Gents / Ladies -

I would like to oppose LD 114.

Both my wife (late 70's) and I (early 80's) have difficulty getting to sleep and staying asleep. Recently, excessive airboat noise near our home on the Harraseeket River has made it difficult to do either, with adverse effects on our health. LD 114 is not an adequate response to this problem.

Thank you,

- Mason (and Margaret) Morfit
