

I am writing to register my opposition to LD 1212, "An Act To Allow Sunday Hunting North of U.S. Route 2 from the New Hampshire Border to Bangor, North of Route 9 from Bangor to the Canadian Border and within That Portion of the White Mountain National Forest inside the State." The question of whether to allow Sunday hunting has been raised numerous times over the years, and it has been opposed by the legislature every time. Hunters simply do not need more access to hunting than they already have, and the public (and wildlife) deserve one day a week where they can walk in the woods and natural areas without risk of being shot and without having to hear gunshots.

Thank you for taking the time to read my comments.
