

Mike Blais  
Milford

I work 5 to 6 days a week, cutting my time to hunt very short. I own my own land and pay taxes on that land but yet I'm not allowed to hunt it on my off time. Maine is only one of 2 states that doesn't allow Sunday hunting we are missing out on lots of money. If this law stays the way it is I will be posting my property so there will be 0 access to anyone besides hunters. It time Maine gets with the times and becomes like the rest of the nation.
