

John Meagher
North Berwick

I would like to express my support for Sunday being allowed on your own property or with permission. Having been an avid hunter for 40 yrs, I believe its important to give working folks and youth more oppourtunty to hunt. Many Mainers work Mon. thru Sat. without vacation time. Many of our kids play sports on Saturday. This would allow for the continued heritage and opportunity for putting food on our tables. Thank you for your time.
