NEITHER FOR NOR AGAINST

I am wondering why the Wood Turtle is not on this list.

Last summer I was on a back road in Montville and took the time to help one cross the road. It was so unusual, I went right home to look up what species it was. Without question: Wood Turtle.

I sincerely hope the Wood Turtle will continue to be a priority for us and am very concerned at its absence from your list. They are definitely here and they need our support.

Thank You.
