Bridgton  
LD 693

Please, you must support Bill 693. For forty years we have lived on a peninsula in Highland Lake, Bridgton, and watched our shoreline erode rapidly in the past ten years due to the increased speed and recklessness of boats and jet skis. We are doing everything we can to preserve the shoreline, so essential to lake health. Lakes need your help in preventing the source of the problem. Please pass Bill 693.
