

Debra Roe
Mt Vernon
LD 2141

Dear Chair LaFountain, Chair Landry, and members of the Inland Fisheries and Wildlife Committee,

I am writing to urge you to pass LD 2141 to provide desperately needed funding to combat the present and growing danger of invasive species in our lakes. I have participated in the invasive plant patrol on Flying Pond for ten years. In that time, I have seen several lakes in our surrounding area contend with new invasive species. I pray this never happens to Flying Pond, but each year, it seems more inevitable. We are a small lake in a small town, and I wonder how we will manage an infestation? I urge you to support LD 2141 to bring new resources and focus to this desperate fight.
