

Brandon Bishop  
Charleston  
LD 716

I Brandon Bishop own and operate Foggy Mountain Guide Service. I spend many hours in the woods through the year and in many WMD(wildlife management districts) and see no shortage of coyotes or any reason there should be a season implemented. Other wildlife surely will suffer if Ld 716 is passed. Deer, moose, grouse, and turkey are easy meals for coyote and surely will impact my livelihood. I hope you take all things into consideration and not pass LD716. Thank you for your time. Brandon Bishop
